

My Vision Therapy Experience at the Pediatric Vision Development Center of Gwinnett

Date: July, 2012

Age: CHILD'S Age: 16

VISION THERAPY WITH DR. SHADEED HAS CHANGED MY DAUGHTER'S LIFE. KRISTINE HAS ALWAYS STRUGGLED IN SCHOOL AND NEVER KNEW WHY. SHE'S A HARD WORKER BUT COULD NEVER SEEM TO REMEMBER WHAT SHE STUDIED OR READ. FROM HER INITIAL VISIT, DR. SHADEED IDENTIFIED AND BEGAN A THERAPY PLAN TO HELP MY DAUGHTER NOT ONLY CORRECT HER VISION BUT ALSO GIVE HER HOPE AND ENCOURAGEMENT FOR A SUCCESSFUL FUTURE. KRISTINE WAS DIAGNOSED WITH CONVERGENCE INSUFFICIENCY. HER EYES WERE NOT TEAMING TOGETHER WHEN READING. WE FINALLY HAD A REASON FOR THE MISPELLINGS AND LOW TEST SCORES ALL THESE YEARS. KRISTINE IS NOW A JUNIOR IN H.S. AFTER THERAPY SHE WAS EXCITED TO RECEIVE HER FIRST A ON A FINAL AT SCHOOL.

DR. SHADEED TAKES A PERSONAL INTEREST IN THE WELLBEING OF MY DAUGHTER BY ALWAYS APPROACHING MATTERS IN A VERY POSITIVE WAY. SHE LOOKS FOR NEW & INVENTIVE WAYS TO KEEP KRISTINE FOCUSED AND INTERESTED IN THE SESSIONS. SHE'S CONSIDERATE OF MY DAUGHTER'S ENERGY LEVEL AFTER A LONG DAY @ SCHOOL AND ADJUSTS THE ACTIVITIES ACCORDINGLY. SHE IS RESPECTFUL OF KRISTINE AND HER STRUGGLES, AND PRAISES HER FOR HER HARD WORK. WE HAVE BEEN VERY PLEASED AND THANKFUL FOR DR. SHADEED. I WISH I COULD TELL MORE PEOPLE ABOUT HER. I KNOW SHE'LL MAKE A DIFFERENCE IN YOUR CHILD'S LIFE AS SHE DID MINE.
