

After forty years of providing eyecare services with Eyecare Associates of Nampa, I will be retiring from clinical practice as of December 31, 2018.

Dr. Landon Hagberg and Dr. Jon Hughes look forward to providing the same level of care you have come to expect as part of the “Eyecare Associates of Nampa Experience” over the past forty years.

I am confident that you are in good hands with Dr. Hagberg, Dr. Hughes and the entire team at Eyecare Associates.

We all value the trust you have placed in our practice as “We exist to protect and enhance your most precious sense, your sight, contributing to a better quality of life.” This is our purpose statement that guides our practice every day.

I want to thank you for the privilege of caring for you over these years. Our patient encounters and relationships we have built have been incredible gifts for me and my family.

Thank you,

Brian J McGourty O.D
