

To our office ohana,

In these uncertain times of COVID-19, we wanted to reach out to you, our valued patients. We understand that many of you still need quality eye care and we wanted to assure you that we are taking every precaution to keep you, our employees, and our community safe. Our main goal is to always make sure your visit with us is healthy and professional and because of this, we will only be seeing those patients that need **immediate** care.

If you have an upcoming appointment and haven't had any visual changes since your last visit with us, we kindly ask that you reschedule your appointment. If you are in need of more contact lenses, need a new pair of glasses, and/or you've had changes to your vision, please feel free to contact us and we will gladly make an appointment for you.

However, we humbly ask that as a courtesy to others. If you or a family member are feeling sick and/or have travelled over the past 2 weeks, please contact us so we can reschedule your appointment to a later date. However, if you are healthy and haven't travelled we look forward to seeing you in the near future.

We hope that all of your friends and loved ones stay safe during this difficult time. Please take care and we hope to see you soon. If you have any questions or concerns, please don't hesitate to contact us.

Mahalo,  
Dr. Fusato and Staff
