PRIMARY EYECARE OPTOMETRICS

Gary Osias, O.D.
Marc Dea, O.D.

ANNUAL CONTACT LENS FEES

Please be aware that there are separate fees associated with patients who wear contact lenses. These fees are based on the additional time required to evaluate the current health of your eyes as related to the use of contact lenses. It also involves determining if the current contact lens prescription, as well as the type of lenses, are still the best for you.

These contact lens related charges will be itemized separately on your final statement, and are not included as part of the yearly eye exam fees typically covered by insurance.
