Explanation of Contact Lens Evaluation Fees

An annual routine eye exam includes glaucoma screening, dilation, refraction (to obtain your glasses prescription), and overall eye health evaluation. If you are a contact lens wearer, our doctors can also evaluate your contact lenses and write a contact lens prescription at your routine eye exam appointment. The contact lens evaluation is a separate fee, and most insurance companies do not fully cover the contact lens evaluation portion of the exam.

A contact lens evaluation is required each year in order to maintain a valid prescription. We offer routine contact lens checks as needed at no charge for 3 months following your exam. After that time period, there may be a charge associated with a contact lens appointment.

Yes, I would like a contact lens evalua	
contact lens prescription and have the abilit	NSA 57
next 12 months. I understand that the evalu	lation fee must be paid at the time of
service.	
No, I do not want a contact lens evalu	uation today, and I understand that I
will not be able to purchase contact lenses v	without an updated contact lens
prescription.

ACKNOWLEDGEMENT OF RECEIPT

I acknowledge that I received a copy of The Eye Studio, PC's notice of Privacy Practices.

SignatureDate									
BILLING POLICY									
In order to control the cost of billing, we ask that the patient's portion is paid at the time services are render unless other arrangements are made in advance. We would rather control billing costs than be forced to rappur fees. All professional services and material are charged to the patient. The undersigned will ultimately responsible for any bill incurred in this office regardless of insurance. Accounts 60 days old are subject to a state fee. There will be a \$25 service charge on all returned checks. You agree to reimburse us the fees of a collection agency, which may be based on a percentage at a maximum of 50% of the debt, and all costs, a expenses, including reasonable attorney's fees, we incur in such collections efforts.	be 35								
There are two types of health insurance that will help pay for your eye care services and products. You may ha both and our practice accepts both: I. Routine Vision Plans 2. Medical Insurance	ve								
/ision care plans only cover routine vision exams along with eyeglasses or contact lenses. Vision plans or cover a basic screening for eye disease. They do not cover diagnostics, management or treatment of e liseases.	ıly ye								
Medical insurance MUST be used if you have any health problems or systemic health problem that has ocul complications. Your doctor will determine if these conditions apply to you, but some are determined by your carristory.	ar se								
you have both types of insurance plans it may be necessary for us to bill some services to one plan and oth ervices to the other. We will use coordination of benefits to do this properly and to minimize your out-of-pock osts.	er et								
Ve will bill your insurance plan for services if we are a participating provider for that plan. We will try to obta dvanced authorization of your insurance benefits so we can tell you what is covered. If some fees are not pa y your plan, we will bill you for any unpaid deductibles, copays or non-covered services as allowed by the surance contract.	:								
APPOINTMENT CANCELLATION POLICY									
today's hectic world unplanned issues come up for all of us. We recognize this fact, but we respectfully requentat you cancel or reschedule your appointment by phone or e-mail a minimum of 24 hours in advance. That was open slot can be filled with someone needing an appointment.	st								
you do not cancel by the deadline, you will be assessed a \$30.00 missed appointment fee. Our aim here is to be notherwise unused appointments for our patients, not to collect missed appointment fees. Your cooperation and consideration are appreciated as we institute this new policy.	o n								
nave read and agree to the above billing and appointment cancellation policies.
