

InVision EyeCare is committed to the safety of our patients and staff.

We have put together this list of guidelines* to help us ensure your safety and the safety of our clinicians.

Please Assist Us By:

- Attending only with those individuals who are required to assist you with your appointment.
- Sanitizing your hands as you enter the clinic (hand sanitizer will be available at the entrance).
- Maintaining physical distancing of 2 meters (6 feet) from other patrons.
- Asking for assistance when trying on glasses as frames are sanitized after each use.
- Asking for assistance with your product needs.
- Rescheduling your appointment if you start to feel sick or experience flu-like symptoms, currently COVID-19 positive or have been exposed to a COVID-19 patient.

All patient-related equipment is sanitized between patients for the protection of our patients, staff and doctors.

If you would like to wait in your vehicle when you arrive for your appointment, please call our office when you arrive and they will alert you when the doctor is ready to see you.

**Call us at
(403) 329-0200**

**Thank you for allowing us to continue to serve you during these uncertain times.
We look forward to your next visit.**

*These guidelines are in accordance with the provincial social distancing measures and the recommendations of the Alberta Association of Optometrists.
