

i Wellness Exam

Your eyesight is priceless and we are here to protect it!

Vision Threatening diseases such as diabetic retinopathy, macular degeneration, and glaucoma often have no outward signs or symptoms in the early stages, so our practice uses state-of-the-art technology to better assess the health of your eyes.

The iWellnessExam™ is a quick, non-invasive scan that allows our doctors to see beneath the surface of your retina. This unique technology can help our doctors detect vision threatening and systemic diseases in their very early stages, when they are most treatable.

As part of your pre-testing, our technician performs the iWellnessExam and your doctor will review and discuss your retinal scan during your examination.

The fee is only \$35 (Not covered by Insurance)

I choose to have the iWellnessExam: _____

Date _____

I Decline to have the iWellnessExam: _____

Date _____
