5 REASONS

Your Next Pair of Glasses Should Come From Eye Care Hawaii

Quality

We carefully select your frame and lenses to ensure they meet your personalized lifestyle and visual needs, from children to adults. We utilize modern lens designs and treatments and verify that your lenses meet your exact measured specifications with no defects.

Convenience

Our highly-trained opticians can help find you the perfect frame and lens design to fit your face shape, lifestyle and needs. We will fill your prescription to your exact measured specification, then verify, frame adjust and dispense, all without leaving Eye Care Hawaii.

Frame Selection

We have a wide variety of exclusive frame lines for children, women, and men. Our boutique carries numerous brands and glasses with special features (hypoallergenic, titanium, lightweight, non-corrosive & more).

Advanced Technology

We use the most innovative technology, including Visioffice, which allows us to obtain a full and precise range of measurements for every patient. Only the top 1% of Opticals utilize such digital dispensing systems, which allows true bespoke accuracy and lens personalization. Our Opticians also use the latest Mr. Blue Edging System to cut customized lenses with ultra-fast turnaround times.

Service

We consider style, comfort and visual needs with each individual dispensing. We provide unlimited tune ups, including adjustments and ultrasonic cleanings, for the life of your frames. You have the comfort of knowing that if anything were to happen to your glasses frame or lenses, we've got you covered.

Eye Glasses for Every Type of Individual & Lifestyle

Core Values

Kindness

Beginning with a smile and continuing with every interaction, we treat everyone with friendliness, respect, and compassion.

Diligence

We approach life's endeavors with dedication, competence, and attention to detail. We follow through completely.

The Power of Ideas

We examine situations with a holistic and creative perspective (not by complaining or criticizing) and develop innovative solutions.

Embracing Change

We constantly strive to learn more so that we can adapt to our changing world and be prepared for future challenges.

Passion

Sincere enthusiasm and heartfelt commitment are our foundations. We greet every morning with motivated spirit and positive energy.
