

Fava & Maria Optometrist Job Posting

Position Summary

Fava & Maria Eye Associates is actively seeking a motivated optometrist to join our team as a full-time or part time provider. As an optometrist at our practice, you would have the opportunity to exercise medical optometry in addition to performing refractions, comprehensive eye exams, and other vision care essentials. Our ophthalmologists and optometrists work together to monitor our patients' medical problems such as: glaucoma, cataracts, diabetes, macular degeneration, etc.

Our practice's newly renovated, in-house optical dispensary allows us to provide our patients with the newest styles and the best technology on the same day as their refractions. Our optometrists have full access to our optical lab and will work with our talented opticians to deliver the best optical products to our patients.

We have both full-time and part time positions available with competitive salary and benefits. This is a great opportunity to join a private practice and assume immediate full patient volume.

Practice Summary

Fava & Maria Eye Associates is a multi-specialty, private, physician-owned practice providing quality medical and surgical services and vision care to patients of all ages. Our reputable facility has been the leader in eyecare in Lebanon County for over 30 years. Our one-to-one approach to Ophthalmology and Optometry makes Fava & Maria Eye Associates the eye health and vision care providers of choice in South-Central Pennsylvania. We are wholly physician-owned and managed with no PE, hospital, or insurance company ownership.
