**Screening Retinal Photography**

Retinal photography is recommended at your first exam with us as a baseline. Dr. Soultz will review your photos with you during your exam and explain what she is observing. The retina is the nerve layer that lines the back of the eye, and photos will allow us to monitor for changes over time.

The fee for screening retinal photos is \$20.00 and is not covered by insurance.

I have read the above information about retinal photography.

\_\_\_\_\_ (initial) YES, I choose to have retinal photos.

\_\_\_\_\_ (initial) NO, I choose to decline retinal photos.

**Contact lens wearers :**

**\*\* \_\_\_\_\_ (initial) Please note that contact lens management fees are not usually covered by vision or medical insurance plans. Payment is expected on the day of service.\*\***

**Insurance Authorization (please sign below):** I authorize the release of information necessary to process my claims and the payment of benefits to Heartland Family Eyecare.
